

# PolyGard™

STEEL VESSEL LINING

Bonded to Stainless or Carbon Steel Vessels

Process Vessel

Large Diameter Lined Pipe

Offshore Coast Guard  
Approved Vessels

DOT Approved Tanker Trailer

## In-Use Values include:

### PEACE OF MIND

- Structural integrity of steel + chemical & corrosion resistance of polyethylene

### ENVIRONMENTAL CARE

- Guards against costly spills and damage to the environment - especially off-shore

### LEVERAGED INVESTMENT

- Longer product life cycle verses Tenemic®, Phenolic or Rubber “Spray-In” liners
- .25” Nominal Thickness verses .06” Thickness for “Spray-In” Liners
- Multi-use service applications
